Although I missed the recent meeting I understand that Arlen Skellenkamp questioned the value of our walleye stocking efforts. I have tried to get up-to-date DNR fishery sampling information to support our stocking however the most recent data that I found was from the 8/8/05 netting survey. Prior to this I had found this information:

1976 netting-74 walleyes  
1983 netting-75 walleyes  
1989 netting-62 walleyes  
1992 netting-89 walleyes  
1996 netting-112 walleyes  
1999 netting-111 walleyes  
2002 netting-95 walleyes  
2005 netting-139 walleyes

Since the stocking program began in 2003 it looks to me that our count has shown good growth. Did Skellenkamp have new numbers showing a decline?

Chuck, I have found a replacement director for replace Harold Legried in Area 6. She is Jonalyn Lippka [jlippka@burnsville.k12.mn.us](mailto:jlippka@burnsville.k12.mn.us). She and her husband both share a strong interest in our lake. Jonalyn lives in the Twin Cities, is a teacher, and spends most weekends at the lake. She also lives at the lake in the summer. She can be reached at 612-718-4686.

See you next spring. Paul
